You've Been Loved!

You are known. You are seen--
all your best and in-betweens!
We are thankful for you, friend!
A virtual hug to you we send.

Wintertime is drawing near,
So let's increase warmth and cheer.
To two new people, pass the love along
And keep this kindness-sharing strong.
Fresh copies and treats at their door are just right.
Ring the doorbell and run-- stay out of sight!
Sometimes our world may seem a mess,
But we can always Arrive with Kindness.

Keep the cheer going in your community by following these simple instructions:

*Make a copy of this page and the hot cocoa cup to pass along to others with goodies or treats to spread kindness in your community. **Place the picture of the hot cocoa cup on your door or window so others know you have already been loved.** Spread kindness to one or two friends.*

Use **#ArriveWithKindness** to be featured on our social media for spreading kindness in your community. Visit us @arriveutah on Instagram and Facebook to get some inspiration of different acts kindness you can do in your community.
